[REGISTER ONLINE](#) 

This seminar is complimentary. [Register](#) on or before **Thursday, Dec. 13**.

Program materials and lunch are provided. Class size is limited. Registrations will be accepted on a first-come, first-served basis.

Audience

Nurses must attend the two-day program in its entirety (no partial credit will be awarded) to receive a certificate of completion and 12.5 hours of continuing nursing education contact hours. Clinical educators who teach in BSN programs and do not already have their MSN degree are expected to begin or continue their MSN coursework.

Purpose

The Clinical Faculty Academy is a community-wide training program for registered nurses serving as adjunct clinical faculty at nursing schools in the Kansas City metropolitan area. Our mission is to develop qualified staff nurses for the role of clinical nurse educators in order to increase faculty workforce and expand and sustain enrollments in schools of nursing.

Objectives

Upon completion of each day's curriculum, participants will be able to:

Thursday, Jan. 3

1. identify and use the context and processes necessary for program planning and curriculum development that meet accreditation and profession standards
2. discuss the legal issues related to the education of students in a clinical setting
3. describe the predictors, barriers and best practices for effective student learning in clinical settings
4. discuss the tools and processes needed to evaluate student clinical performance at various levels in the curriculum

Friday, Jan. 4

1. explore challenges and strategies to effectively balance multiple roles as staff, adjunct clinical instructor, and other professional and/or life roles
2. describe the purpose and approaches for clinical pre-conferences and post-conferences
3. discuss issues and methods to deal with difficult students in a clinical setting
4. integrate best practices of clinical teaching into the clinical adjunct role
